PROJECTS

Personal Website: <https://zach-bray-portfolio.azurewebsites.net> (for additional information and projects)

Full Stack Developer | MyAnimeVault

Oct 2023 – Jan 2023

Website that allows users to track their favorite anime series

C# | ASP.NET | Microsoft Azure | Firebase

- Designed a RESTful API using ASP.Net Web API for efficient storage and retrieval of data from a Microsoft SQL Server Database, leveraging Microsoft Azure for deployment and secret storage.
- Built a responsive frontend using ASP.Net MVC, HTML, CSS, and vanilla JavaScript ensuring a sleek and functional user interface that uses AJAX for asynchronous data retrieval.
- Implemented Firebase authentication and authorization to secure user accounts/sessions and facilitate seamless login functionalities within the application.

Full Stack Developer | AgilePro

Mar 2023 – Aug 2023

Project Management/Bug Tracking application

C# | WPF | ASP.Net | Microsoft Azure

- Created an intuitive and user-friendly interface with WPF and XAML, resulting in a streamlined bug reporting and management process for both technical and non-technical users.
- Implemented a robust backend using ASP.Net Web Api which implements Entity Framework, allowing for efficient data retrieval and manipulation in a Microsoft SQL Server database.
- Incorporated essential bug tracking features such as issue creation, assignment, status tracking, and reporting, providing a comprehensive tool for software quality control.

EXPERIENCE

Bartender/Server | Dubsdread Catering

Jan 2022 – Present

- Prepared floorplans, table settings, and bar setups for daily weddings and events, maintaining high standards of service and paying meticulous attention to detail.
- Directly engaged with guests to take drink orders, provide personalized drink recommendations, and ensure a memorable experience while maintaining a fast-paced service environment.
- Collaborated with a diverse team to flawlessly execute events, meet tight schedules, and adapt to varying event requirements.

EDUCATION

University of Central Florida- BA, Digital Media (Computer Science Minor), 3.8 GPA, May 2022
